

# THUNDERBIRD-HRP JV, LLC

## INDUSTRIAL HYGIENE

### WHO WE ARE

Thunderbird-HRP JV, LLC is a strategic joint venture that was created between Thunderbird Environmental, LLC (a Service- Disabled, Veteran- Owned Small Business) and HRP Associates, Inc. Prior to forming the joint venture in 2020, both firms partnered on several federal, state, and private environmental, safety, and industrial hygiene projects throughout the eastern United States, including but not limited to projects with the U.S. Department of Veterans Affairs and U.S. Department of Agriculture. In fact, Thunderbird Environmental was voted the SDVOSB of the year by the USDA-NRCS in 2017.

### PAST PERFORMANCE

#### RRJ VA Medical Center, Charleston, SC

Industrial Hygiene Services  
Contract# 36C24720C0072

Contract Length: Feb 2020 - Feb 2022

Scope of Work: In 2020, the team was awarded a multi-year contract to provide Industrial Hygiene Services to the Ralph R. Johnson VA Medical Center in Charleston South Carolina. The services included hazardous building materials surveys, indoor air monitoring, Certified Industrial Hygienist (CIH) services, and compliance / monitoring evaluations throughout the VA medial campus. In early 2022 the VA issued a favorable CPARS rating to our team for the work completed during the 2021 fiscal year.

#### Capsugel Manufacturing, Inc., Greenwood, SC

Industrial Hygiene Services  
Contract Length: 2019 - Current

Scope of Work: our team has been the go-to contractor for industrial hygiene (IH) and health and safety consulting services at the Lonza Capsugel Manufacturing facility in Greenwood, South Carolina. Specifically, these services include the anticipation, recognition, evaluation, prevention, and control of workplace physical, chemical, biological, and ergonomic hazards. The purpose of these services was to support the facility's efforts to protect and improve the general health and safety of their associates during routine and non-routine tasks/processes. Moreover, to assess efficiency and need of further hazard mitigation requirements as supported by findings of each survey.
