

# Roadway Reconstruction / Geotechnical Engineering

## Town Area Roadways

In this township, 4,200 lineal feet of roadway has been targeted for reconstruction to improve drainage conditions, sidewalks, curbing, pavement, and sewer systems. HRP was selected to provide this assistance, including geotechnical investigation, survey, drainage analyses, construction services, and the design of improvements.

Utility systems will also require replacement or relocation, including sanitary sewers, storm sewers, and gas lines. Several design approaches will be evaluated, including full depth base reclamation.

### FIRM

HRP Associates, Inc.  
197 Scott Swamp Road  
Farmington, CT 06032  
(860) 674-9570

### VALUE
